5 Entry procedure

5.1 Official forms

For registration of entry, official forms, which are distributed to all affiliated NF by the organizing federation at the required time, are to be used.

In cases of illness or injury during the competition, confirmed by the official doctor of the championships, it is allowed to replace the affected gymnast with the nominated reserve.

II TECHNICAL ORGANISATION

6 Competition format

The TeamGym Championship consists of the following sections:

- Women's teams.
- Men's teams.
- Mixed teams, i.e. 50% males/50% females.

7 Competition programme

The following disciplines are compulsory for every participating team:

- Floor programme
- Tumbling
- Trampet

All gymnasts participating in the competition must perform on floor programme.

In case of illness or injury, see 5.5. It is also allowed not to put in a reserve gymnast.

8 Technical tasks

8.1 Responsibility

The organising federation is responsible for the technical organisation and running of the competition, with the support of the NTC-TG. Competition order should always been made with a draw.

8.2 Comply with the COP

Organisation, accomplishment and direction of the competition must comply with the Code of Points (UEG).

8.3 Evaluation of new elements in the Code of Points

The UEG Code of Points will in general be updated every second year. However the TC-TG/UEG encourages all member Federations to submit new elements that do not yet appear in the Code of Points. The UEG will respond in confidence by sending a formal letter to the Federation telling the new code number, a provisional value and a symbol. The respective Nordic Federation may then decide if the element will be performed at the Nordic Championships before an official UEG TeamGym competition. In this case the Federation has to bring a copy of the UEG evaluation letter to the official judges meeting at the Nordic Championships. Performing a new element at the Nordic Championships also gives teams from other countries the opportunity to use the same element in their programmes.

9 The juries and judging panels

9.1 Judges

All judges must be holders of the UEG TeamGym brevet for the corresponding cycle or be judges for national competitions in their own country. If a country participates with judges who are holders of the UEG TeamGym brevet for the corresponding cycle, these judges must candidate as head judge.

9.2 Nomination of judges

Each participating federation is obliged to nominate 4 judges. The organizing country nominates 5 judges.

9.3 Judges meeting

All judges have to participate at the judges meeting prior to the competition. Tariff forms will be distributed to the judges on Friday.

9.4 Dissensions and interpretations of the COP

If there is any dissension between the judges at the judges meeting when it comes to the interpretation of the COP, the case will be settled by simple majority vote by the NTC - TG. All judges are obliged to follow these decisions.

It's still the head judge in the respective disciplines who's responsible for making interpretation and decisions regarding other issues in the COP during the competition.

9.5 Competition jury

The competition jury consists of:

- NTC-TG (one representative from each of the Nordic countries)
- The competition director
- The head judge in the respective discipline

The NTC-TG will take the necessary decisions.

9.6 Protests

Following the rules of the UEG, except it is not possible to protest over the D-score.

9.7 Judging panels

There are 3 judging panels; one for each discipline in each section. In Floor, the judging panel consists of panels D, E and C. In Tumbling and Trampet the judging panel consists of DC- and E-panels.

The judging panels

Floor Programme:

D-panel: Head Judge (D1) + two judges (D2, D3)

E-panel: Head Judge (E1) + three judges (E2, E3, E4) C-panel: Head Judge (C1) + one judge (C2)

Tumbling and Trampet:

E-panel: Head Judge (E1) + three judges (E2, E3, E4)

Drawing of lots of the judges is the responsibility of the OC, and the final judging panels must be announced in the work plan. The result of the drawing of lots must be approved by the member of the NTC-TG from the organising country.

Each nation shall be represented in all sections and disciplines. Each nation can only have one judge in each panel (D/E/C or DC/E) on each discipline.

Each nation can only have maximum 1 E1-Judge in each section, and a total of 2 E 1-Judges in the whole competition (women, men and mixed).

The drawing of lots is executed section by section, one discipline at a time in the following order:
