## **Change of team**

Gymnasts can change team one (1) time during the season 2018 according to age limits. This change can be made only after the first part of competition season (after World Championships event). This means that i.e. if gymnast is born in 2003 and competing in junior team in Challenge Cup I and/or II and World Junior Championships, during the second part of competition season it is possible to her/him change team for another junior team or another senior team. Other example; if gymnasts in senior team have competed first part of season in one team, and team retired after World Championships event, the gymnasts can change the team for new one.

IFAGG member is always responsible of informing IFAGG office concerning all gymnasts' changes of team.

5.9.2018

Administration fee concerning the change of the team is 10€ per gymnast. If the change is from junior team to senior team, also difference of the gymnast license must be paid.

For example, senior gymnast has license (25€) for season 2018 and she/he changes the team for another senior team, the administration payment will be 10€. If a junior gymnast has a junior license (15€) for season 2018 and she/he changes the team for another junior team, the administration fee will be 10€. In case a junior gymnast with a junior license (15€) changes for a senior team she/he will pay the difference between junior and senior license (10€) + the administration fee concerning team change (10€).

Regarding team/license changes, please contact IFAGG office. By request, the office will send a list of all registered gymnasts (per country) to the official member representative. You can make all team and/or license changes into that excel sheet in red color and the office will make the corrections into the register system and send the invoice.
